

Sending out an SOS!

Did you know?

People use about 1.2 million plastic bottles per minute!

Virtually every piece of plastic that was ever made still exists in some shape or form!

At least 14 million tonnes of plastic end up in our oceans every year!

We can make a difference together!

Find out how with this fantastic video from one of our Waste Reduction Volunteers!

You can enjoy filtered water and still reduce single use plastic waste.

Volunteer can be seen pouring water in a water filter jug from the tap.

Thanks for watching!
