

ANSA Environmental Services Limited

Draft Summary Financial Statements 2015-16

Summary

Ansa Environmental Services Limited (Ansa) commenced trading on 1 April 2014, following the transfer of Environmental Services functions from Cheshire East Borough Council (CEBC). Ansa has continued to perform strongly in its second year of trading, recording a £269,000 profit from its operations, prior to contractual profit share adjustments. Waste contract management and fleet efficiencies, additional work for CEBC and overhead savings have contributed to this favourable outturn position.

The reported profit for the year, after the effects of contract profit sharing arrangements is £98,000, an increase of £65,000 on the performance in 2014/15.

The contracted profit sharing arrangement is such that, 25% of core contract profit is retained by the Company, 50% is retained in a ring-fenced reserve (held by the ultimate Parent CEBC) and 25% is retained by the Parent. This profit sharing adjustment is effected through a management fee adjustment. The ring-fenced reserve, retained by the Parent is held for future use by the Company in line with provisions in the contract.

Pensions costs

CEBC has altered its pension arrangements with its owned and controlled companies in respect of employee benefits resulting from membership of the Local Government Pension Scheme (LGPS), by moving to a 'pass through' agreement, effective from 1 April 2015. This new agreement replaces the original arrangement whereby Ansa was allocated a share of pension assets sufficient to cover pension liabilities as determined by the Actuary on the date of its formation. Ansa then reflected the latest value of these assets and liabilities in its financial statements. The new 'pass through' agreement transfers all pensions assets and liabilities back to the CEBC, from 1 April 2015, CEBC has reflected the amounts and related accounting entries in their financial statements.

The 'pass through' agreement between CEBC and Ansa will specify a fixed rate of employer contribution payable by the company to the Cheshire Pension Fund and as a consequence, Ansa has disclosed these contributions to the scheme in its Profit and Loss account, consistent with the accounting treatment of a defined contribution scheme. The effect of the 'pass through' arrangement in the 2015/16 Financial Statements equates to the removal of the net pension liability previously shown in the Statement of Financial Position effected through an actuarial adjustment through the Statement of Other Comprehensive Income.

Statement of Comprehensive Income (Unaudited)
