

A to Z of Waste

S,T,U

Alison: Today we shall bring to life many of the common items that are featured on the A to Z list of what waste goes where. Today we are covering S,T U. If you would like to view the full list please download our free waste watchers app. What have you got for S Lise?

S

Lisa: Sieves and saucepans! Even though they are metal they cannot go in your silver recycling bin or any household bin. If good enough for re-use, send them to your local charity shop. If not, these need to go to your local Household Waste Recycling Centre or rag and bone man, if one comes around your area. What about T Alison?

T

Alison: Tea bags and coffee granules are a regularly used item which can now go into your food waste caddy that empties into your garden bin, or can be home composted. Textiles is always a challenge, as they can't go into any of your household bins. Try to re-purpose, recycle where possible by passing items on to friends and family, clothes banks and charity shops or clothes resale apps. Lisa how about letter U?

U

Lisa: 'Under my Umbrella a a a a' (mimick singing). Sorry, couldn't resist! Household waste Recycling Centre for these please and not the household bins.

Alison: Hopefully 1 or 2 useful tips there. Lisa and I will be back with some more common items that you might not be sure what to do with, when you have finished with them.

Thanks for listening!
