

Transcript for Recycle week – Lisa meets Alison from The Coop

Lisa: Hi Everyone I'm here with Allison Wright, The Co op member pioneer in Holmes Chapel, who's got lots of really good incentives going on to do with 'Together we recycle'. Hi Alison.

Alison: Hi Lisa.

Lisa: So what incentives have you got on at the moment, what projects are you working on?

Alison: The big project we're working on is adding children into the village volunteers. They are helping us with our litter picking and our community garden projects.

Lisa: How lovely. How Important do you think it is that children get involved with litter picking and helping the environment look better?

Alison: I think it's hugely important that we use our children to help the environment that we live in because they are the future.

Lisa: That's brilliant. That's everything in a nutshell. Thank you Alison.
